

RE:CLAIM YOUR BEST SELF

With Our Medically Supervised Wellness and Careful Weight Management Program

At **Dermatology + Plastic Surgery** we're thrilled to introduce our new medically-supervised Wellness Program, developed to empower you on your journey towards better health. Combined with diet, exercise, and a healthy lifestyle, Semaglutide and Tirzepatide can help you achieve your wellness and weight loss goals when clinically appropriate. These medications and personalized lifestyle modifications can help you transform your life and get the **RE:sults** that you desire!

Semaglutide

- ◆ Semaglutide, recognized as a glucagon-like peptide receptor agonist (GLP-1 RA), is the active ingredient in Wegovy® which is FDA-approved for long-term weight management.

Tirzepatide

- ◆ Tirzepatide is an innovative dual GIP/GLP-1 receptor agonist with the same active ingredient in Zepbound® which is FDA-approved for chronic weight management in adults with obesity or who are overweight
